The performance data presented above for all periods prior to January 1, 2016, for the High Income Fund represents the performance of the previous subadviser.

Class I and II shares of the fund are offered to separate accounts of CMFG Life Insurance Company ("CMFG Life Accounts"), while Class I shares are also offered to certain of its pension plans. Investments in the fund by CMFG Life Accounts are made through variable annuity or variable life insurance contracts.

Performance data quoted represents past performance. Past performance does not guarantee future results. Fund returns are calculated after fund level expenses have been subtracted. Class II returns also include Rule12b-1 fees. However, fund returns shown do not include any separate account fees, charges, or expenses imposed by the variable annuity and variable life insurance contracts that invest in the fund. If these fees, charges or expenses were included, fund returns would have been lower. For specific charges and expenses associated with your contract, please refer to the prospectus. Investment return and principal value will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Current performance may be lower or higher than the performance data quoted. Please call 1-800-670-3600 for performance current to the most recent month-end. This piece must be accompanied or preceded by a current prospectus.
